READINESS ASSESSMENT

Malaysia Productivity Corporation (MPC) is undertaking the i4.0 Readiness Assessment for SMEs to assess the level of readiness and identify critical needs for companies to embark on i4.0. Benefits to companies undertaking the Assessment:

- Companies will be able to know their performance on readiness level of digitization towards adoption of i4.0
- Companies are able to understand the strengths and weaknesses – and focus on areas for improvements
- Companies are able to obtain a detailed comparison of their score against other digitization champions and average companies.
