

YGL Group CEO Mr. Yeap Kong Chean, COO George Lim and YGL iBay CEO Mr. Eng met up with Huawei CTO Paul Scanlan at Huawei Malaysia office.

Mr. Paul presented Huawei profile and technology to YGL.

Recently Malaysia Digital Economy Corporation (MDEC) and Huawei Technologies (Malaysia) Sdn. Bhd. (Huawei) signed a memorandum of understanding (MoU) to spearhead the initiative to drive Malaysia's position as the heart of Digital ASEAN. This collaboration will kickstart with a whitepaper development conducted by both parties on identifying and developing key elements to realise the aspiration of Malaysia being the regional digital hub.

## **Improve your productivity thru Smart Manufacturing Industry 4.0**

With Smart Manufacturing, the Data Tells us What to do.

Or to state it more dramatically, the computers control the process! While the smartest person in the room is still human (depending on how we define 'smart'), machines can tell us things we don't know and could not figure out on our own.

YGL Beyond ERP finance module gathers financial data and turns them into reports including quarterly financial statements, ledgers, profit tracking, and balance sheets.

Using [YGL Beyond ERP's finance module](#), the following functional tiers apply:

- General Ledger
- Accounts Payable
- Accounts Receivable
- Asset Management
- Cash Management
- Customer management
- Vendor management
- Banking management
- Profit tracking
- Multi-currency capabilities
- Reporting

Together with these key features establish an ability to produce a comprehensive, finance-based, understanding of the enterprises' business situation in real time.
