Date: **28th October 2021 (Thursday)**
Time: **10:30AM -11.40AM**

Many manufacturers are faced with the challenge of creating realistic and optimized schedules for their production facilities. Using ERP and MRP software provide an advantage over spreadsheets for production scheduling, but how do you make your production schedule more detailed and specific?

10:30-10:35 Opening Remark -by Mindy Loo
10:35-10:50 Benefits of using APS -by Mr. Yeap Kong Chean, CEO of YGL
10.50-11:05 APS demo – by Isaac Yong Chew Yew, Senior R&D Manager of YGL
11:05-11:20 IR4 Readiness – by Gooi Chye Seong, Senior Consultant, SIRIM
11:20-11:40 Q&A Sessions

In the webinar you will learn:

• The value of APS
• How APS is different from ERP, and how they work together
• How to synchronize resources across multiple plants
• How to reduce overtime
• How to increase delivery performance
• How to gain visibility
• DEMISTIFYING THE FULL READINESS ASSESSMENT (RA) REPORT
• To provide a clear understanding of the role and purpose of technical documents or the specifications needed for Industry4WRD grant approval;
• To guide companies that are applying the grant in technical writing skills needed in preparing an effective proposal;
• To assist companies by developing ideas into a winning proposal by identifying potential funders and understand the full proposal development, submission and review process; and
• To help companies better compete in the digital economy by matching them with specially chosen technology providers to pilot innovative and relevant digital solutions.

You're invited to join MyReskill IoT Programme 2021!
MyReskill IoT program is a FIVE (5)-half days virtual workshop plus ONE (1)-week handholding in developing Proof-of-Concept (POC) where participants will learn about the Raspberry Pi and Arduino hardware.
Data gathered from the connected sensors will be displayed using Node-RED to enable visualization and remote monitoring.
Who are eligible to join?

• **Registered firm** (SSM, SKM and other registered agencies).
• Small and medium-sized enterprises (SMEs) in **manufacturing, manufacturing-related services, agriculture and services sectors**.
• Each Company can enroll **TWO (2) Engineers/ Technicians**.
*Disclaimer: By receiving this ticket, there's no confirmation securing your seat in participating in the training. You'll be contacted upon the selection process.
**Grab Your FREE Seats Before It's Too Late!**
