

Selamat Hari Raya to all celebrating! May this joyous occasion bring you peace, happiness, and prosperity. Wishing you and your loved ones a blessed and memorable celebration filled with love, laughter, and cherished moments.

Digital Penang and Penang Green Council are scheduled for a courtesy visit to YGL Corporate office to explore ESG solutions within YGL offerings. Their initiative includes conducting workshops for SMEs, focusing on ESG readiness. Among the enablers discussed, ERP solutions emerge prominently. These workshops aim to educate SMEs about integrating sustainable practices into their operations, with ERP solutions identified as pivotal tools in this endeavor. The collaboration signifies a concerted effort towards fostering environmental and social responsibility within the business community, aligning with global sustainability goals.

On April 14, 2024

YGL KL office hosted an E-Invoicing seminar featuring distinguished speakers. Ms. Hedy Tan, Tax Director, elucidated the E-Invoicing framework, providing insights into its regulatory landscape and operational mechanisms. Following her, Mr. Isaac Yong, Head of Innovation at YGL Convergence Malaysia, offered practical guidance on implementing ERP E-Invoicing systems, showcasing innovative approaches and best practices. The seminar aimed to provide a comprehensive understanding of E-Invoicing essentials, covering regulatory compliance and technological integration. Attendees left equipped with actionable strategies for seamless adoption and optimization, reflecting YGL's commitment to fostering knowledge-sharing and facilitating digital transformation in invoicing.

MIMOS paid a courtesy visit to YGL Corporate office to discuss potential collaboration in Industry 4.0 initiatives. The meeting aimed to explore synergies between the expertise of both organizations in leveraging advanced technologies for industrial innovation. Topics included smart manufacturing, IoT integration, and data analytics. The visit fostered dialogue for future partnerships in driving digital transformation within the industry.

🌟 Exciting News! 🌟

We're thrilled to announce that Smart Paint Sdn Bhd has achieved a remarkable milestone! 🎉 As of April 23, 2024, Smart Paint becomes one of the pioneers in Malaysia with the transition to a Lights Off Factory model.

How did we achieve this groundbreaking feat? By implementing the state-of-the-art **Yglworld Manufacturing Execution System** alongside an automated production line.

💡 This transformative step not only signifies our commitment to innovation but also promises enhanced efficiency and quality in our manufacturing processes. Stay tuned for more updates as we continue to lead the way in redefining the future of manufacturing in Malaysia!

YGL CEO met with MIMOS KULIM's CEO during a visit to their office, exploring collaboration opportunities in Industry 4.0. The invitation extended by MIMOS KULIM sparked engaging conversations, laying the groundwork for potential partnerships. Excited about the possibilities, both parties exchanged insights and ideas to drive innovation in the digital landscape.

On April 29, 2024, DIGITAL PENANG and YGL convened with NCER to plan a Symposium Talk: SME GO DIGITAL scheduled for June 6, 2024, at the NCER auditorium. The aim is to attract 150 to 200 attendees primarily from small and medium-sized enterprises (SMEs). This event seeks to foster collaboration and knowledge exchange among industry players, focusing on digital transformation and its implications for regional economic development. Through insightful discussions and networking opportunities, participants will gain valuable insights to enhance their competitiveness in the digital era.
