MASTERING E-INVOICE FOR ACCURATE & COMPLIANT ACCOUNTING

Get your business ready for Malaysia's mandatory e-Invoicing rollout!

Join our hands-on workshop to understand the rules, system requirements, and practical steps to implement e-Invoicing with confidence.

Date: 3 June 2025 (Tuesday)

Venue: Digital Penang, Georgetown

Location: <https://maps.app.goo.gl/ybnzidG9gqtieVdM9>

E-Invoice Training

On June 3, 2025, we held a full-day training session titled “E-Invoice Process Regulations & Solutions” at [Digital Penang](#).

Led by our expert tax & compliance consultant, Ms. Yeap Kah Phaik, the session equipped participants with practical knowledge to navigate Malaysia’s upcoming e-Invoicing mandate under the IRBM.

Key highlights:

IRBM’s e-Invoice timeline & compliance requirements

Workflow process: validation, issuance & submission

Integration with ERP & accounting systems

Risk management & compliance strategies

Real-world demos & case studies

Lots of engagement, Q&A, and valuable insights throughout the day!

Thank you to all who joined us — you’re now one step closer to being e-Invoice ready!

YGL is honoured to be invited by MPC to the event titled “AI for Business Empowerment: Practical AI & Generative AI for E&E Professionals.”

The session focused on real-world applications of AI, featuring insights on Large Language Models (LLMs), AI integration with business systems, and the importance of robust data infrastructure.

This engagement reflects our commitment to staying ahead in AI innovation and empowering industries with smart solutions. From curiosity to capability — YGL continues advancing your AI journey!

At YGL, our commitment to sustainability is more than a compliance requirement—it is the foundation of how we operate, innovate, and grow. In our Sustainability Report, we reaffirm our vision to “*Green Our Mother Earth and Empower Our Talent*,” and outline the progress we’ve made across key environmental, social, and governance (ESG) areas.

Driving Change Through Our Sustainability Framework

Our updated sustainability framework is designed to align with YGL’s business strategy while meeting stakeholder expectations and reducing environmental impact. It is built around four core pillars:

1. Delivering Excellence – We ensure quality in our products and services through continuous improvement, innovation, and customer engagement.

2. Responsible Supply Chain – We promote ethical sourcing and sustainability throughout our supply chain, assessing partners on environmental and social criteria.

3. Empowering People & Communities – We foster a diverse, inclusive, and safe workplace while supporting local communities through meaningful engagement.

4. Caring for the Environment – We actively reduce our carbon footprint through energy efficiency, renewable energy adoption, and effective resource management.
