On 25 April 2025, Mr. Humphrey Ho and Ts. Dr. Celvin represented YGL at the final stakeholder engagement session for the Digital Economy Master Plan (DEMP) 2.0, held at Think City, UAB Building, Penang.

Organized by Digital Penang, the session brought together key stakeholders from government, industry, and academia to review the DEMP Final Report. The plan outlines Penang's digital transformation roadmap from 2025 to 2030, focusing on building a connected, inclusive, and future-ready digital economy aligned with the Penang2030 vision.

We are proud to contribute to shaping Penang's digital future and thank Digital Penang for the opportunity to participate in this strategic initiative.

Their smiles and relaxed posture reflect a joyful break from the daily grind, highlighting YGL's commitment to promoting work-life balance and employee wellbeing. The colorful background and playful design elements at the venue further amplify the light-hearted and energetic atmosphere of the outing.

This recreational session isn't just about sports — it's about team bonding, stress relief, and fostering a sense of unity among colleagues. The event embodies YGL's culture of collaboration, positivity, and holistic employee engagement.
