

YGL at “Tech Up, Scale Up!” Digital Scale Up for SMEs Seminar

YGL is proud to participate in the “**Tech Up, Scale Up!**” **Digital Scale Up for SMEs Seminar** held today at Aloft Hotel, KL Sentral. The event brings together forward-thinking SMEs eager to embrace digital transformation and future-ready technologies.

At our booth, we showcased our latest **AI-powered Smart Manufacturing & Warehouse Solutions**, **ESG Middleware**, and **Smart Digital Tools**—all designed to help businesses enhance productivity, reduce operational costs, and advance their sustainability goals.

It’s inspiring to witness SMEs taking bold steps toward smarter, greener operations, and YGL is honoured to support them on their digital growth journey.

YGL World & PIJ Halal Venture Explore Smart Halal Monitoring Collaboration with Haos Ek

13 November 2025 (Thursday) – YGL World, together with PIJ Halal Venture (PIJHV), received a warm welcome from **Haos Ek** during a visit to their factory. The engagement centered on the proposed implementation of **YGL's Smart Halal Monitoring System**, an advanced solution with strong potential to be seamlessly integrated into Haos Ek's production operations.

The Smart Halal Monitoring System is designed to elevate operational efficiency and strengthen quality control by digitalizing and centralizing the entire halal monitoring workflow. Through structured and automated processes, the system ensures consistent compliance, enhances transparency, and supports faster, more accurate decision-making across production stages.

Through this strategic collaboration, **YGL World and PIJHV aim to support Haos Ek in enhancing its halal governance**, improving process efficiency, and ensuring that every product maintains the highest standards of halal integrity, cleanliness, and quality.

This initiative aligns with **Haos Ek's commitment to continuous improvement** and reinforces its reputation as a trusted, well-loved local beverage brand dedicated to delivering excellence to consumers.

YGL Convergence Berhad: 2025 Annual General Meeting

27 December 2025 • GEORGE Hotel, Penang

YGL Convergence Berhad successfully held its 2025 Annual General Meeting (AGM) at the GEORGE Hotel, where shareholders gathered to review the company's performance and strategic direction for the coming year.

During the AGM, shareholders ratified the audited financial statements for the previous fiscal year, reaffirming YGL's sustained revenue growth. This growth was primarily driven by the increasing adoption of YGL's Enterprise Resource Planning (ERP) and e-Commerce solutions across the region, reflecting strong market confidence in the company's digital innovation capabilities.

Key resolutions passed included the re-appointment of directors and external auditors, ensuring continuity in governance and oversight. The meeting also highlighted YGL's strategic roadmap as the company continues to expand its footprint in the digital transformation landscape.

Looking ahead, YGL Convergence Berhad remains committed to delivering smarter, more sustainable enterprise technologies that support businesses in achieving operational excellence. With a solid foundation and a vision focused on innovation, the company is well-positioned for continued growth in 2026 and beyond.

5 November 2025 — YGL at “Building Sustainable Supply Chains” Workshop

YGL continues its commitment toward advancing sustainability within Malaysia’s business ecosystem. Today, our team—Humphrey Ho (Head of Marketing), Farah (Digital Marketing Strategist), and Yeap Kah Phaik (ESG Officer)—attended the Building Sustainable Supply Chains workshop organised by Digital Penang.

The session provided valuable insights into the evolving requirements of sustainable supply chain management, especially for businesses preparing for ESG-driven expectations from global partners. Our participation reflects YGL’s ongoing mission to support organisations in adopting smarter, greener, and more transparent operations.

YGL remains dedicated to driving positive impact across industries through sustainability-focused digital solutions.
