Celebrating 40 Years of Dedication & Service to YGL

A Remarkable Career Journey with YGL

On 4 August 2026, YGL proudly celebrated the retirement of **Mr. Kwok**, marking an extraordinary milestone of **40 years of dedicated service** to the organisation.

Mr. Kwok began his journey with YGL at just 20 years old, starting his career under the late **Mr. Yeap Geok Lake**. His early years in the accounting profession gave him valuable experience and a strong foundation in financial and business practices—knowledge that would later become instrumental in his transition into YGL's growing technology business.

From Accounting to TAXCOM

As YGL expanded into the IT industry and introduced its pioneering tax software, **TAXCOM**, Mr. Kwok made a significant transition from the accounting division to the IT division.

He became one of the key consultants supporting TAXCOM, helping customers understand, implement and effectively utilise the software. His combination of accounting knowledge and practical business experience enabled him to bridge the gap between technology and business processes, making a lasting impact on both customers and colleagues.

Four Decades of Growth and Transformation

Throughout his 40-year career, Mr. Kwok witnessed—and contributed to—YGL's remarkable transformation. From its early roots in accounting and tax software, YGL has evolved into a technology-driven organisation delivering **ERP, AI, digital transformation and enterprise solutions**.

His journey reflects more than four decades of service. It represents **loyalty, professionalism, perseverance and a commitment to continuous learning**. His extensive knowledge and experience have benefited generations of colleagues and customers, particularly through his deep understanding of TAXCOM and the business processes behind it.

Continuing His Journey as a YGL Advisor

While Mr. Kwok officially begins his retirement, we are pleased that his journey with YGL will continue in a new capacity as an **Advisor**.

His wealth of experience, institutional knowledge and understanding of YGL's history remain invaluable to the organisation. We look forward to continuing to benefit from his guidance and wisdom as YGL moves forward into its next chapter of growth and innovation.

A Heartfelt Thank You

YGL extends our heartfelt appreciation to Mr. Kwok for his **40 remarkable years of dedication and service**. From beginning his career at the age of 20 to reaching this significant milestone, his journey stands as an inspiring example of loyalty, perseverance and lifelong commitment.

His contributions will remain an important part of YGL's history and legacy.

We wish Mr. Kwok a **happy, fulfilling and well-deserved retirement**, with more time to enjoy life, family, friends and the things he loves.

Congratulations and thank you, Mr. Kwok, for 40 incredible years with YGL!

Welcoming Our International Guests

On 5 August 2026, YGL Convergence Berhad was honoured to welcome a management delegation from a leading **China-based multinational semiconductor company**, listed on a major stock exchange in Shanghai, for a courtesy visit to YGL's Corporate Office.

Exploring Technology & Manufacturing Opportunities

The visit provided an opportunity for both parties to exchange insights and explore potential collaboration in **technology innovation, manufacturing excellence and regional business opportunities**.

The discussions reflected a shared commitment to leveraging advanced digital technologies to build smarter, more sustainable and globally competitive manufacturing ecosystems.

Strengthening Regional Partnerships

YGL believes that strategic engagements with international industry leaders are important in driving innovation, creating new opportunities and strengthening Malaysia's position as a **regional hub for digital transformation and advanced manufacturing**.

We sincerely thank our distinguished guests for their visit and look forward to building a **strong and mutually beneficial partnership** in the future.

Strengthening AI Talent Development for YGL's Digital Future

Building the Next Generation of AI Talent

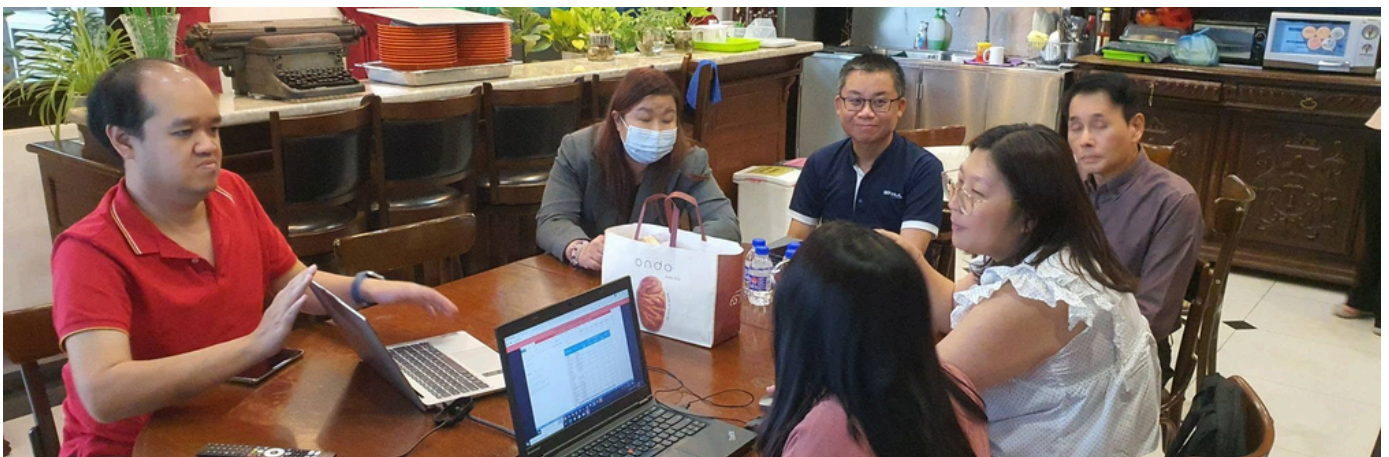

On 5 August 2026, YGL Convergence Berhad was delighted to host a productive discussion with representatives from **NCER, Sentral University College and industry training providers** to explore strategic collaboration in developing the next generation of AI software talent for YGL.

The engagement reflects YGL's commitment to strengthening our technical workforce and preparing our people for the rapidly evolving digital landscape.

Advancing Technical Skills Through AI Training

The discussion focused on enhancing the capabilities of YGL's **software developers, programmers and engineers** through advanced Artificial Intelligence training programmes.

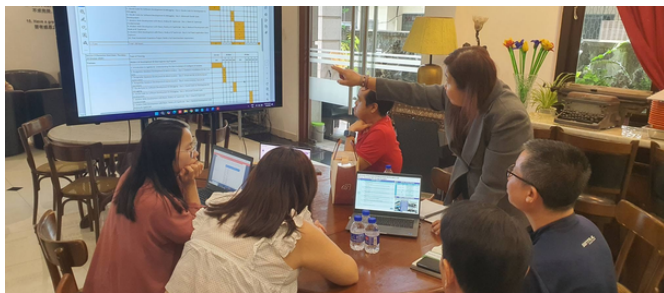

The proposed initiatives aim to equip our technical teams with practical knowledge in emerging areas such as **Generative AI and Agentic AI**, enabling them to develop smarter and more innovative enterprise software and AI-powered solutions.

Connecting Industry & Academia

By bringing together **industry, academia and regional development agencies**, the collaboration aims to create practical and industry-relevant AI training programmes.

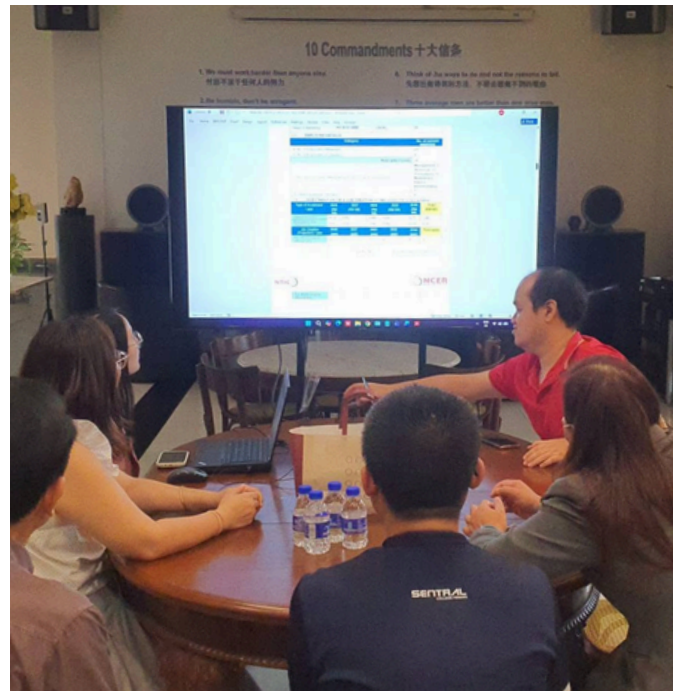

YGL believes that closer collaboration with education and training partners can help nurture future-ready professionals while strengthening the technical capabilities required to support digital transformation.

Investing in People & Innovation

At YGL, we believe that **people are the driving force behind innovation**. Continuous learning and talent development are therefore essential to delivering cutting-edge solutions to customers across **Malaysia and the ASEAN region**.

YGL looks forward to working closely with our partners to develop impactful AI training programmes that empower our technical workforce and contribute to a stronger, future-ready digital ecosystem.

Supporting Malaysia's Digital Future

As AI continues to reshape industries, developing high-value technology talent is essential to strengthening Malaysia's digital economy. This initiative supports the nation's **Industry 4.0 and AI aspirations** by encouraging innovation and building a more skilled and competitive workforce.

A New Chapter for YGL × Universiti Sains Malaysia

A Meaningful Partnership Begins

On 6 August 2026, **YGL Intelligent Technology Sdn Bhd** officially signed a **Memorandum of Understanding (MoU)** with **Universiti Sains Malaysia (USM)** at the university under its **Synergy USM-SME initiative**.

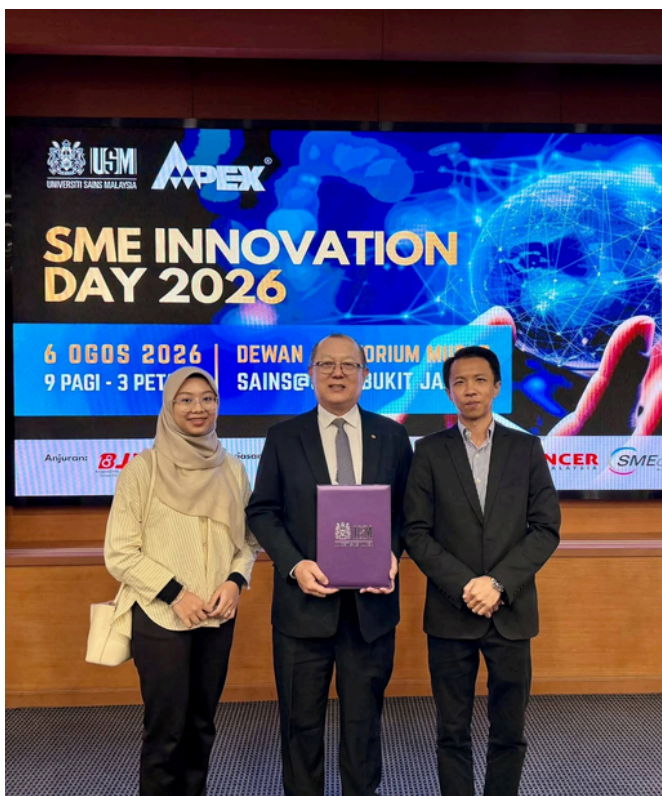

The partnership brings together YGL's industry expertise with USM's academic and research capabilities, creating new opportunities for collaboration between industry and academia.

Creating Opportunities for Collaboration

Through this partnership, YGL and USM will explore collaboration in key areas including **student and staff exchange, joint academic programmes, R&D initiatives, workshops and training, and exchange of publications**.

These initiatives aim to encourage knowledge sharing, strengthen industry-academia engagement and provide opportunities for students, researchers and industry professionals to learn from one another.

Bridging Research & Real-World Innovation

More than a formal agreement, the MoU represents a shared commitment to **turning research and knowledge into real-world innovation.**

YGL and USM look forward to exploring collaborative opportunities in areas such as **enterprise software, sustainability, smart manufacturing and digital transformation**, contributing towards the development of future-ready technologies and talent.

Looking Ahead Together

YGL is excited to begin this new chapter with USM and looks forward to building meaningful initiatives that create value for **students, researchers, businesses and the wider technology ecosystem.**

This collaboration marks another important step in YGL's commitment to innovation, knowledge development and strengthening Malaysia's digital future.

From left: Prof. Madya Ts. Dr. Wan Maryam Wan Ahmad Kamil, YBhg. Prof. Dato' Seri Ir. Dr. Abdul Rahman Mohamed (Vice-Chancellor, USM), Mr. Humphrey Ho (YGL Head of Marketing), YBhg. Prof. Dato' Dr. Azlan Amran (Deputy VC, USM), Ts. Dr. Calvin Tan (YGL CSO), and Dr. Jeffrey Cheah Sau Seng.

Courtesy Visit from Japan General Consulate

Strengthening Malaysia– Japan Business Relations

On 7 August 2026, YGL was honoured to welcome **Mr. Machida Shinya from the Consulate-General of Japan**, together with delegates from the **Small & Medium Enterprises Association of Malaysia (SAMENTA)**, to YGL's Corporate Office for a productive courtesy visit and business discussion.

The engagement provided an opportunity to strengthen relationships and explore potential collaboration between Malaysian and Japanese businesses, particularly in **Artificial Intelligence (AI), digital transformation, smart manufacturing, ESG and talent development**.

Exploring Opportunities for Collaboration

The discussion explored opportunities in **AI research and industry applications, international exhibitions and trade missions, cross-border business networking, knowledge sharing, talent development and industrial exchange programmes**.

Both parties also exchanged insights on supporting SMEs in adopting digital technologies and sustainable business practices to enhance their competitiveness in an increasingly technology-driven economy.

Advancing Technology & SME Innovation

The YGL team shared the company's ongoing initiatives in **AI-powered enterprise solutions, smart manufacturing, ESG digitalisation and sustainable innovation**. The discussion highlighted the importance of stronger industry connections and technology exchange in helping businesses embrace digital transformation.

The visit was warmly hosted by **Ts. Dr. Celvin Tan, Mr. Humphrey Ho** and **Ms. Farah**, who represented YGL during the engagement.

Looking Ahead to Greater Collaboration

YGL sincerely thanks the **Consulate-General of Japan and SAMENTA** for the valuable visit and exchange of ideas.

We look forward to building meaningful partnerships between Malaysian and Japanese enterprises while contributing to the advancement of **AI, smart technologies and sustainable business innovation across the region**.

Building the Future Together: Fostering Talent & Innovation

Strengthening Regional Talent & Innovation

On 14 August 2026, **YGL Convergence Berhad** paid a courtesy visit to the new **Northern Corridor Implementation Authority (NCIA) / NCER Technology Innovation Centre (NTIC)** office in Bayan Lepas, Penang. The visit provided an opportunity for **Mr. Humphrey Ho** and **Ts. Dr. Calvin Tan** to meet with Janice and discuss opportunities in talent development, regional innovation and building a future-ready workforce.

Empowering the Next Generation

The discussion highlighted the importance of strengthening collaboration between technology and industry to develop industry-ready talent equipped with the skills needed to support digital transformation. YGL believes that closer collaboration with regional innovation and development organisations can create valuable opportunities for knowledge sharing, talent development and technology adoption.

Driving Sustainable Regional Growth

Building stronger connections between technology solutions and skilled talent is essential for supporting long-term digital transformation and sustainable economic growth. YGL looks forward to exploring meaningful opportunities with NCIA and NTIC to contribute towards a more innovative, skilled and future-ready digital ecosystem in the Northern Region.

Driving Logistics Productivity Through Digital Connectivity & Automation

Shaping the Future of Logistics

On 17 August 2026, **Mr. Yeap Kong Chean, Chief Executive Officer of YGL Convergence Berhad**, was honoured to be invited as one of the panelists at **ILS & LIF 2026 – International Logistics Symposium & Logistics Industrial Forum**. Bringing together industry leaders, logistics professionals and experts, the forum focused on the theme **“Driving Logistics Productivity Through Digital Connectivity & Automation”**, highlighting the growing importance of digital transformation, automation and connected technologies in shaping the future of the logistics industry.

Sharing Digital Transformation Insights

Drawing from YGL's experience in technology and enterprise solutions, Mr. Yeap shared valuable insights on how businesses can leverage digital technologies to enhance their operations. He highlighted YGL's capabilities across **enterprise solutions, digital transformation, smart warehouse and ESG solutions**, emphasising how intelligent systems, automation and real-time connectivity can help organisations improve productivity, operational efficiency and overall competitiveness.

Connecting Industry, Technology & Innovation

The discussion also highlighted the importance of collaboration between technology providers and industry players in accelerating digital adoption. As logistics operations become increasingly connected, businesses need to embrace innovative solutions that enable better visibility, faster decision-making and more efficient resource management. The forum served as a meaningful platform for **knowledge sharing, industry collaboration and the exchange of ideas** towards building a smarter and more connected logistics ecosystem.

Driving a More Competitive Future

YGL remains committed to supporting businesses in their digital transformation journey by providing technology solutions that address evolving operational and sustainability needs. Through continued innovation and industry collaboration, YGL looks forward to contributing to a **more productive, connected and competitive logistics sector**, while helping organisations prepare for the future of intelligent and technology-driven operations.

Johor Industrial Fair (JIF) 2026

Showcasing Digital Solutions for Industry 4.0

From **19–21 August 2026**, YGL proudly participated in the **Johor Industrial Fair (JIF) 2026** at the **Austin International Convention Centre (AICC), Johor Bahru**. As one of Southern Malaysia's leading manufacturing and industrial automation technology exhibitions, JIF brought together manufacturers, industry leaders and technology innovators to explore the latest developments shaping the future of Industry 4.0.

Presenting YGL's Digital Transformation Solutions

At Booth J138, YGL showcased its portfolio of homegrown digital solutions designed to help businesses improve productivity, efficiency and sustainability. Visitors had the opportunity to explore **YGL NERVO ERP 4.0**, **AI-powered Smart Manufacturing**, **Smart Warehouse Management**, **ESG & Carbon Management**, and **E-Invoice solutions**, highlighting how integrated technologies can support businesses throughout their digital transformation journey.

Connecting with Industry Leaders

The three-day exhibition provided a valuable platform for YGL to connect with **manufacturers, business leaders and technology partners** from across the region. Through meaningful discussions and exchanges, the YGL team gained insights into the evolving needs of the manufacturing sector while exploring opportunities for digital innovation and sustainable growth.

Celebrating Our Participation

As the exhibition concluded, YGL was honoured to receive a **Participation Certificate from the organiser, FBI Publications (M) Sdn Bhd**, in recognition of our participation in JIF 2026. The YGL team also captured a memorable group photo in front of our booth, marking the successful completion of the three-day exhibition and our continued presence in the manufacturing and Industry 4.0 community.

Driving Sustainable Industrial Growth

YGL's participation at JIF 2026 reflects our continued commitment to supporting Malaysia's manufacturing sector through **digital innovation, Industry 4.0 adoption and sustainable business practices**. By combining enterprise technology with AI, automation and ESG capabilities, YGL continues to empower businesses to become more efficient, resilient and competitive in an increasingly digital economy.

As we conclude this edition of the YGL Corporate Newsletter, we thank our valued customers, partners, and stakeholders for being part of our journey.

Every milestone, partnership, and innovation reflects our commitment to empowering businesses through intelligent technology and digital transformation. From enterprise software and smart manufacturing to AI, ESG, and cloud solutions, YGL continues to help organizations embrace change with confidence.

As technology evolves, so do we. We remain dedicated to delivering innovative solutions, strengthening strategic partnerships, and creating lasting value for businesses across Malaysia and beyond.
