04 October 2026: AI Horizon 2026 Press Conference

YGL was represented by Ts. Dr. Celvin Tan at the AI Horizon 2026 Press Conference, attended by YB Jagdeep Singh Deo, Deputy Chief Minister II of Penang. The press conference highlighted the inaugural AI Horizon 2026 Summit, bringing together participants from more than 20 countries and over 120 companies, universities and organisations to explore practical, real-world applications of Artificial Intelligence across industries, including healthcare, agriculture, manufacturing, transportation and customer service.

Beyond showcasing emerging technologies and global industry perspectives, the summit also emphasised the importance of responsible AI adoption, ensuring that humans remain in control of how AI is developed and applied. The event set the stage for meaningful industry collaboration, knowledge exchange and the advancement of AI-driven innovation.

06-07 October 2026: AI Horizon 2026 Press Conference

YGL was pleased to participate in AI Horizon 2026, an industry platform bringing together technology innovators, business leaders and AI practitioners to explore the future of Artificial Intelligence.

Throughout the two-day exhibition, YGL showcased its Next-Generation ERP Solutions, AI-driven business solutions, ESG Middleware, smart manufacturing technologies and TAXcom AI. The team also engaged with visitors, demonstrated its latest solutions and connected with industry partners to explore opportunities in digital transformation.

Special Visit to YGL's Booth

YGL was honoured to welcome the YB Deputy Chief Minister of Penang, accompanied by the CEO of Tech Dome Penang and representatives from Digital Penang. The visit provided an opportunity to showcase YGL's technology capabilities and contributions towards Penang's digital transformation and AI-driven innovation.

YGL at the AI Horizon Conference

On 7 October, Mr. Yeap Kong Chean, CEO of YGL Convergence Berhad, participated as a distinguished panelist in the session titled "Beyond the AI Hype: Real Manufacturing Success Stories."

Sharing insights from YGL's experience in enterprise solutions and smart manufacturing, Mr. Yeap highlighted how businesses can move beyond AI trends and adopt practical technologies to improve productivity, enhance decision-making and achieve measurable business outcomes.

SME Growth Engine with Digital Tools

Sharing Insights on SME Growth & Digital Transformation

Mr. Yeap Kong Chean, CEO of YGL Convergence Berhad, joined the SME Growth Engine with Digital Tools Masterclass & Exchange as a panel speaker.

During the forum exchange, titled "Must-Haves to Build a Repeatable, Profitable and Manageable Growth Engine," he shared valuable industry perspectives alongside Mr. Ooi Boon Sheng, CEO and Founder of Xilnex, with the discussion moderated by Mr. Neil Cheong, Founding Managing Director of GUIDE.

The discussion highlighted three important areas for SME growth:

- **Overcoming Scaling Challenges:** Addressing common operational bottlenecks faced by growing businesses.
- **Embracing AI & Digitalisation:** Leveraging technology to streamline business operations and improve efficiency.
- **Building Sustainable Growth:** Establishing manageable systems and processes to support long-term profitability.

The session reinforced the importance of having the right digital infrastructure to help SMEs scale their businesses with confidence.

MDEC Technology Solution Provider (TSP): Scale-Up Programme For Manufacturing Sector

Showcasing Innovation: GMIP & AI-Powered Enterprise Solutions

YGL participated in the MDEC TSP Demo Day at SINERGI, SHRDC, showcasing its Global Manufacturing Intelligence Portal (GMIP) and AI-powered enterprise solutions.

Through live demonstrations, YGL highlighted how smart manufacturing technologies, Generative AI-powered process automation and predictive analytics can help local manufacturers improve operational visibility, optimise processes and make more informed business decisions.

YGL remains committed to supporting Malaysia's manufacturing industry in accelerating its digital transformation through practical and intelligent technology solutions.
